yojc1999@gmail.com

Melbourne

## SUMMARY

I am continuously committed to expanding my technical knowledge and honing my skills. With a strong ability to learn and adapt, I thrive in fast-paced and challenging environments. My penchant for bold ideas has always driven me to explore innovative solutions, pushing the boundaries of what's achievable in the realm of web and software development.

## EDUCATION

### University of Melbourne

Master of Engineering  
Information Technology  
2022 - 2023

### University of South Australia

Bachelor of Engineering (Honours)  
Computer Software Engineering  
2017 - 2021

## SKILLS

- **Programming Languages:** Proficient in JavaScript (Node.js) and python for server-side development.
- **Version Control:** Proficient with version control systems such as Git, with good experience in using GitHub and Trello for collaborative projects.
- **Frontend Development:** Well-versed in developing intuitive user interfaces using React and Vue.js.
- **Cloud Computing:** Proficient in deploying, managing, and scaling applications on AWS. Familiar with various AWS services and serverless architecture.
- **Team Communication and Coordination:** Excellent ability to communicate and collaborate effectively within a team, ensuring smooth progress from project conception to delivery.
- **Agile Development:** Proficient in agile development methodology (Scrum), enabling rapid, iterative progress on projects.

## CERTIFICATIONS

- **AWS Certified Cloud Practitioner**
